GETTING THE CARE YOU NEED

Veterans Home Care can provide you with assistance including:

- Help with bathing
- Help with dressing
- Medication reminders
- Transportation
- Meal preparation
- Transferring to and from bed
- Personal care
- Respite care
- Light housekeeping
- Laundry
- Companionship
- Consultation – including help to access other community resources to improve your quality of life.
- VetAssist Companion – the latest voice-activated medical alert system

DO YOU MEET THE “3-MS” TO QUALIFY?

To qualify for the VetAssist Program and the VA pension with Aid and Attendance, a veteran or veteran’s surviving spouse will need to meet the following criteria:

1) **Military:** Are you a veteran or the surviving spouse of a veteran who served at least 90 days on active duty, at least one day during wartime, with an honorable or general discharge? (Persian Gulf War veterans must have two years of active duty or the full period for which they were called for active duty.)

2) **Medical:** Do you have a non-service connected medical condition causing you to need assistance with activities of daily living?

3) **Money:** Do you have a net worth at or less than \$138,439? (limit established by Congress 12.2021) A primary residence and auto are not counted as part of net worth. Ongoing non-reimbursable medical and long-term care expenses may reduce your countable income.
